

Notes from Kirsty Williams – August 2017

Notes from Kirsty Williams our CYFME who will be helping us in the coming months to pull together our mission projects to enable us to work more strategically across the ministry area. Two projects that we will be focusing on are Messy Church and Prayer Spaces. These are 2 valuable and productive projects that enable us to reach into the community and share the story of salvation with those who don't attend regular services. In doing this she will support us through training, resources and other practical ways.

MESSY CHURCH

Messy church has been part of the Bro Cybi church for a number of years, reaching out to local families and sharing the love, hospitality and salvation of Jesus Christ. It is a way of being church for families, involving fun, that helps people encounter Jesus as Lord and Saviour. The ethos of Messy Church is about being Christ-centred, for all ages, based on creativity, hospitality and celebration. To enable this church to grow we need your help. If you can supervise a craft, talk to parents about how their week has gone, make a cup of tea, welcome people or prepare food. Then you could become a vital member of the team. Please get in touch with Revd Jane or Edna. The next gathering of Messy Church will be at St David's Morawelon on 19 September 2017 at 3 pm.

PRAYER SPACES

During May - July 2017 a team from Bro Cybi assisted pupils at Ysgol y Parc to make the transition to Ysgol Cybi, looking at their fears, hopes, changes, being thankful and moving forward. This was done through Prayer Spaces which enabled the pupils to creatively explore life questions, experiences, spirituality and faith in a open interactive way which was a safe and inclusive environment. The teachers and pupils are eager for us work alongside them in the new primary school, Ysgol Cybi, to enable regular prayer spaces e.g. twice a term. This means we need a team. If you can sit, listen, encourage and share Jesus' love in a non-evangelistic way then this is for you.
